Unit 1
How Nurses Think

CHAPTER 1
Evolution of Nursing Thought & Action
Caring for the Nguyens
Critical Thinking and Clinical Reasoning
Knowledge Map

CHAPTER 2
Critical Thinking & Nursing Process
Caring for the Nguyens
Clinical Reasoning
Applying the Full-Spectrum Nursing Model
Critical Thinking and Clinical Reasoning
Knowledge Map

CHAPTER 3
Nursing Process: Assessment
Caring for the Nguyens
Practical Knowledge: Knowing How
Clinical Insights
Clinical Insight 3-1: Preparing for a Patient Interview
Clinical Insight 3-2: Conducting a Patient Interview
Clinical Insight 3-3: Closing a Patient Interview
Assessment Guidelines and Tools
Patient Assessment Tool—Lawton Instrumental Activities of Daily Living (IADL)
Nursing Admission Data Form
Clinical Reasoning
Applying the Full-Spectrum Nursing Model
Critical Thinking and Clinical Reasoning

CHAPTER 6
Nursing Process: Planning Interventions
Caring for the Nguyens
Clinical Reasoning
Applying the Full-Spectrum Nursing Model
Critical Thinking and Clinical Reasoning
Knowledge Map
### CONTENTS

**CHAPTER 7**

Nursing Process: Implementation & Evaluation 45  
Caring for the Nguyens 45  
Practical Knowledge: Knowing How 46  
Implementation and Evaluation Tools 46  
- The Five Rights of Delegation—Checklist 46  
- NCSBN Delegation Grid 47  
- Evaluation Checklist 48  
Clinical Reasoning 50  
- Applying the Full-Spectrum Nursing Model 50  
- Critical Thinking and Clinical Reasoning 51  
Knowledge Map 53

**CHAPTER 8**

Evidence-Based Practice: Theory & Research 54  
Caring for the Nguyens 54  
Clinical Reasoning 55  
- Applying the Full-Spectrum Nursing Model 55  
- Critical Thinking and Clinical Reasoning 55  
Knowledge Map 58

**Unit 2**

Factors Affecting Health 59

**CHAPTER 9**

Life Span: Infancy Through Middle Adulthood 61  
Caring for the Nguyens 61  
Practical Knowledge: Knowing How 62  
Procedures 62  
- Procedure 9-1: Assessing for Abuse 63  
Assessment Guidelines & Tools 67  
Clinical Reasoning 68  
- Applying the Full-Spectrum Nursing Model 68  
- Critical Thinking and Clinical Reasoning 69  
Knowledge Map 71

**CHAPTER 10**

Life Span: Older Adults 72  
Caring for the Nguyens 72  
Clinical Reasoning 73  
- Applying the Full-Spectrum Nursing Model 73  
- Critical Thinking and Clinical Reasoning 74  
Knowledge Map 75

**CHAPTER 11**

Experiencing Health & Illness 76  
Caring for the Nguyens 76  
Practical Knowledge: Knowing How 77  
Procedures 77  
- Procedure 11-1: Admitting a Patient to a Nursing Unit 77  
- Procedure 11-2: Transferring a Patient to Another Unit in the Agency 80  
- Procedure 11-3: Transferring a Patient to a Long-Term Care Facility 81  
- Procedure 11-4: Discharging a Patient From the Healthcare Facility 83  
Clinical Insights 86  
- Clinical Insight 10-1: Preparing the Room for a Newly Admitted Patient 86  
Forms 87  
- Discharge Assessment/Instructions 87  
- Patient Education Form 88  
Clinical Reasoning 89  
- Applying the Full-Spectrum Nursing Model 89  
- Critical Thinking and Clinical Reasoning 89  
Knowledge Map 91

**CHAPTER 12**

Stress & Adaptation 92  
Caring for the Nguyens 93  
Practical Knowledge: Knowing How 93  
Clinical Insights 93  
- Clinical Insight 12-1: Dealing With Angry Patients 93  
- Clinical Insight 12-2: Crisis Intervention Guidelines 94  
Assessment Guidelines and Tools 95  
Standardized Language 97  
Clinical Reasoning 98  
- Applying the Full-Spectrum Nursing Model 98  
- Critical Thinking and Clinical Reasoning 99  
Knowledge Map 101
CHAPTER 13
Psychosocial Health & Illness  102
Caring for the Nguyens  102
Practical Knowledge: Knowing How  103
Clinical Insights  103
Clinical Insight 13-1: Assessing Self-Concept Problems  103
Clinical Insight 13-2: Performing a Self-Esteem Inventory  104
Clinical Insight 13-3: Identifying Depressed Patients Who Should Be Referred for Evaluation  105
Assessment Guidelines and Tools  106
Anxiety Assessment Guide  106
Depression Assessment Guide: Patient Health Questionnaire (PHQ-9)  107
Differentiating Depression and Dementia  108
Standardized Nursing Language  108
Anxiety-Related Diagnoses: Selected NOC Outcomes and NIC Interventions  109
Depression-Related Nursing Diagnoses: Selected NOC Outcomes and NIC Interventions  111
Clinical Reasoning  113
Applying the Full-Spectrum Nursing Model  113
Critical Thinking and Clinical Reasoning  113
Knowledge Map  117

CHAPTER 14
The Family  118
Caring for the Nguyens  119
Practical Knowledge: Knowing How  119
Clinical Insights  119
Clinical Insight 14-1: Conducting a Family Assessment  119
Assessment Guidelines and Tools  120
Assessing Family Developmental Tasks  120
Standardized Language  121
NOC Outcomes and NIC Interventions for Caregiver Role Strain  121
Clinical Reasoning  122
Applying the Full-Spectrum Nursing Model  122
Critical Thinking and Clinical Reasoning  122
Knowledge Map  124

CHAPTER 15
Culture & Ethnicity  125
Caring for the Nguyens  125
Practical Knowledge: Knowing How  126
Clinical Insights  126
Clinical Insight 15-1: Assessing for Biological Variations  126
Clinical Insight 15-2: Pain Perception in Selected Cultural Groups  127
Clinical Insight 15-3: Communicating With Clients Who Speak a Different Language  128
Assessment Guidelines and Tools  129
Obtaining Minimum Cultural Information  129
Cultural Assessment Using the Transcultural Assessment Model  130
Clinical Reasoning  131
Applying the Full-Spectrum Nursing Model  131
Critical Thinking and Clinical Reasoning  131
Knowledge Map  135

CHAPTER 16
Spirituality  136
Caring for the Nguyens  137
Practical Knowledge: Knowing How  137
Clinical Insights  137
Clinical Insight 16-1: Praying With Patients  137
S-P-I-R-I-T Assessment  139
Assessment Guidelines and Tools  140
The HOPE Approach to Spiritual Assessment: Examples of Questions  140
Standardized Nursing Language  140
Using Selected NIC Interventions and Activities to Support Spirituality  140
Clinical Reasoning  142
Applying the Full-Spectrum Nursing Model  142
Critical Thinking and Clinical Reasoning  143
Knowledge Map  144

CHAPTER 17
Loss, Grief, & Dying  145
Caring for the Nguyens  146
Practical Knowledge: Knowing How  146
Chapter 18

Documenting & Reporting  161
Caring for the Nguyens  162
Practical Knowledge: Knowing How  163
Clinical Insights  163
Clinical Insight 18-1: Giving Oral Reports  163
Clinical Insight 18-2: Receiving Telephone and Verbal Orders  164
Clinical Insight 18-3: Guidelines for Documentation  164

Tables  269
Abbreviations Commonly Used in Healthcare  169

Charting Forms  171
Adult Admission History Electronic Screen  171
Intake and Output Sheet  172
Nursing Assessment Flowsheets Are Comprehensive Charting Documents  173

Clinical Reasoning  174
Applying the Full-Spectrum Nursing Model  174
Critical Thinking and Clinical Reasoning  174

Knowledge Map  176

Chapter 19

Teaching & Learning  177
Caring for the Nguyens  178
Practical Knowledge: Knowing How  179
Assessment Guidelines and Tools  179
Learning Assessment Guidelines  179
Clinical Reasoning  180
Applying the Full-Spectrum Nursing Model  180
Critical Thinking and Clinical Reasoning  180

Knowledge Map  183

Chapter 20

Measuring Vital Signs  184
Caring for the Nguyens  184
Practical Knowledge: Knowing How  185

Procedures  185

Procedure 20-1: Assessing Body Temperature  185
Procedure 20-1A: Taking an Axillary Temperature  185
Procedure 20-1B: Taking an Oral Temperature  186
Procedure 20-1C: Taking a Rectal Temperature  187
Procedure 20-1D: Taking a Temporal Artery Temperature  188
Procedure 20-1E: Taking a Temporal Temperature  188
Procedure 20-1F: Taking a Skin Temperature Using a Chemical Strip Thermometer  189

Procedure 20-2: Assessing Peripheral Pulses  191
Procedure 20-2A: Assessing the Radial Pulse  191
Procedure 20-2B: Assessing the Brachial Pulse  192
Procedure 20-2C: Assessing the Carotid Pulse  192
Procedure 20-2D: Assessing the Dorsalis Pedis Pulse  192
Procedure 20-2E: Assessing the Femoral Pulse  193
Procedure 20-2F: Assessing the Posterior Tibial Pulse  193
Procedure 20-2G: Assessing the Popliteal Pulse  193
Procedure 20-2H: Assessing the Temporal Pulse  194

Procedure 20-3: Assessing the Apical Pulse  195
Procedure 20-4: Assessing for an Apical-Radial Pulse Deficit  197

Procedure 20-5: Assessing Respirations  198

Procedure 20-6: Measuring Blood Pressure  200
Procedure Variation A. Measuring Blood Pressure in the Forearm  202
Procedure Variation B. Measuring Blood Pressure in the Thigh  202
Procedure Variation C. Measuring Blood Pressure in the Calf  203

Procedure Variation D. Palpating the Blood Pressure  203
Clinical Insights 204
Clinical Insight 20-1: Choosing a Blood Pressure Cuff Size 204
Clinical Insight 20-2: Taking an Accurate Blood Pressure 204
Forms 205
- Graphic Flowsheet 205
Tables 206
- Centigrade–Fahrenheit Conversion Chart 206
Clinical Reasoning 206
- Applying the Full-Spectrum Nursing Model 206
- Critical Thinking and Clinical Reasoning 207
Knowledge Map 209

CHAPTER 21
Communication & Therapeutic Relationships 210
Caring for the Nguyens 210
Practical Knowledge: Knowing How 211
Clinical Insights 211
- Clinical Insight 21-1: Enhancing Communication Through Nonverbal Behaviors 211
- Clinical Insight 21-2: Technique for Assertive Communication 212
- Clinical Insight 21-3: Communicating With SBAR 212
- Clinical Insight 21-4: Communicating With Clients From Another Culture 212
- Clinical Insight 21-5: Communicating With Clients Who Have Impaired Speech 213
- Clinical Insight 21-6: Communicating With Clients Who Have Impaired Cognition or Consciousness 213
Assessment Guidelines and Tools 215
- Communication 215
Clinical Reasoning 216
- Applying the Full-Spectrum Nursing Model 216
- Critical Thinking and Clinical Reasoning 216
Knowledge Map 218

CHAPTER 22
Health Assessment 219
Caring for the Nguyens 219
Practical Knowledge: Knowing How 220
Procedures 220
- Procedure 22-1: Performing the General Survey 221
- Procedure 22-2: Assessing the Skin 226

CONTENTS xvii
Procedures 318
- Procedure 23-1: Hand Hygiene 318
- Procedure 23-1A: Using Soap and Water 318
- Procedure 23-1B: Using Alcohol-Based Handrubs 319
- Procedure 23-2: Donning Personal Protective Equipment (PPE) 320
- Procedure 23-3: Removing Personal Protective Equipment (PPE) 322
- Procedure 23-4: Surgical Handwashing: Traditional Method 324

Abnormal Atlas 312
Knowledge Map 316

CHAPTER 23
Promoting Asepsis & Preventing Infection 317
Caring for the Nguyens 317
Practical Knowledge: Knowing How 318
Procedures 318
- Procedure 23-1: Hand Hygiene 318
- Procedure 23-1A: Using Soap and Water 318
- Procedure 23-1B: Using Alcohol-Based Handrubs 319
- Procedure 23-2: Donning Personal Protective Equipment (PPE) 320
- Procedure 23-3: Removing Personal Protective Equipment (PPE) 322
- Procedure 23-4: Surgical Handwashing: Traditional Method 324
Clinical Reasoning 359
Applying the Full-Spectrum Nursing Model 359
Critical Thinking and Clinical Reasoning 358
Knowledge Map 362

Facilitating Hygiene 363
Caring for the Nguyens 363
Practical Knowledge: Knowing How 364

Procedures 364
Procedure 25-1: Bathing: Providing a Complete Bed Bath
Using a Prepackaged Bathing Product 364
Procedure 25-2: Bathing: Providing a Towel Bath 369
Procedure 25-3: Bathing: Using a Basin and Water 370
Procedure 25-4: Providing Perineal Care 371
Procedure 25-5: Providing Foot Care 374
Procedure 25-6: Brushing and Flossing the Teeth 377
Procedure 25-7: Providing Denture Care 380
Procedure 25-8: Providing Oral Care for an Unconscious Patient 382
Procedure 25-9: Shampooing the Hair 384
Procedure 25-9A: Shampooing the Hair for a Patient on Bedrest—Using Rinse-Free Shampoo 385
Procedure 25-9B: Shampooing the Hair Using Rinse-Free Shampoo Cap 385
Procedure 25-9C: Shampooing the Hair Using a Basin and Water 385
Procedure 25-10: Providing Beard and Mustache Care 387
Procedure 25-11: Shaving a Patient 389
Procedure 25-12: Removing and Caring for Contact Lenses 390
Procedure 25-13: Making an Unoccupied Bed 392
Procedure 25-14: Making an Occupied Bed 394
Procedure 25-15: Caring for Artificial Eyes 397
Procedure 25-16: Caring for Hearing Aids 398
Clinical Insights 401
Clinical Insight 25-1: Assisting With a Shower or Tub Bath 401
Clinical Insight 25-2: Bathing a Patient With Dementia 402
Assessment Guidelines and Tools 402
Guidelines for Assessing Hygiene 402
Clinical Reasoning 404
Applying the Full-Spectrum Nursing Model 404
Critical Thinking and Clinical Reasoning 404
Knowledge Map 408
CHAPTER 26

Administering Medications  409

Caring for the Nguyens  410

Practical Knowledge: Knowing How  410

Procedures  410

Medication Guidelines: Steps to Follow for All Medications (Regardless of Type or Route)  410

Procedure 26-1: Administering Oral Medication  414
Procedure 26-1A: Administering Medication Through an Enteral Tube  416

Procedure 26-2: Administering Ophthalmic Medication  419
Procedure 26-2A: Irrigating the Eyes  421

Procedure 26-3: Administering Otic Medication  422

Procedure 26-4: Administering Nasal Medication  424

Procedure 26-5: Administering Vaginal Medication  426

Procedure 26-6: Inserting a Rectal Suppository  428

Procedure 26-7: Applying Medication to Skin  430
Procedure 26-7A: Applying Topical Lotion, Cream, and Ointment  430
Procedure 26-7B: Applying Topical Aerosol Spray  430
Procedure 26-7C: Applying Prescribed Powder  430
Procedure 26-7D: Applying Transdermal Medication  431

Procedure 26-8: Administering Metered-Dose Inhaler (MDI) Medication  432

Procedure 26-9: Preparing, Drawing Up, and Mixing Medication  435
Procedure 26-9A: Drawing Up Medication From Ampules  435
Procedure 26-9B: Drawing Up Medication From Vials  437
Procedure 26-9C: Mixing Medication From Two Vials  439
Procedure 26-9D: Mixing Medication From One Ampule and One Vial  441
Procedure 26-9E: Using a Prefilled Cartridge and Single-Dose Vial—for Intravenous Administration  442

Procedure 26-10: Recapping Needles Using a One-Handed Technique  443
Procedure 26-10A: Recapping Contaminated Needles  444
Procedure 26-10B: Recapping Sterile Needles  444

Procedure 26-11: Administering Intradermal Medication  445

Procedure 26-12: Administering Subcutaneous Medication  448

Procedure 26-13: Locating Intramuscular Injection Sites  451
Procedure 26-13A: Locating the Ventrogluteal Site  451
Procedure 26-13B: Locating the Deltoid Site  451
Procedure 26-13C: Locating the Vastus Lateralis Site  452
Procedure 26-13D: Locating the Rectus Femoris Site  453

Procedure 26-14: Administering an Intramuscular Injection  453
Procedure 26-14A: Intramuscular Injection: Traditional Method  454
Procedure 26-14B: Intramuscular Injection: Z-Track Method  455

Procedure 26-15: Adding Medications to Intravenous Fluid  457
Procedure 26-15A: Adding Medication to a New IV Bag or Bottle  457
Procedure 26-15B: Adding Medication to an Infusing IV  458

Procedure 26-16: Administering IV Push Medication  459
Procedure 26-16A: Administering IV Push Medications Through a Primary IV Line  459
Procedure 26-16B: Administering IV Push Medications Through an Intermittent Device (IV Lock) When No Extension Tubing Is Attached to the Venous Access Device  460
Procedure 26-16C: Administering IV Push Medications Through an Intermittent Device with IV Extension Tubing  461

Procedure 26-17: Administering Medications by Intermittent Infusion  463
Procedure 26-17A: Using a Volume-Control Administration Set  464
Procedure 26-17B: Using a Piggyback Administration Set With a Gravity Infusion  465
Procedure 26-17C: Using a Piggyback Administration Set With an Infusion Pump  466

Procedure 26-18: Administering Medication Through a Central Venous Access Device (CVAD)  467

Clinical Insights  471

Clinical Insight 26-1: Reusing Needles and Syringes: Home Care  471

Clinical Insight 26-2: Using Prefilled Unit-Dose Systems  472

Clinical Insight 26-3: Reconstituting Medication  473

Clinical Insight 26-4: Measuring Dosage When Changing Needles  474

Clinical Insight 26-5: Mixing Two Kinds of Insulin in One Syringe  475

Clinical Insight 26-6: Administering Anticoagulant Medication Subcutaneously  476

Clinical Insight 26-7: Taking Action After a Medication Error  477

Tables: Abbreviations  477
Common Medication-Related Abbreviations  477
Institute for Safe Medication Practices (ISMP) List of Error-Prone Abbreviations, Symbols, and Dose Designations  478

Measuring and Calculating Dosage  481
Nutrition 493
Caring for the Nguyens 494
Practical Knowledge: Knowing How 494
Procedures 494
Procedure 27-1: Checking Fingerstick (Capillary) Blood Glucose Levels 494
Procedure 27-2: Inserting Nasogastric and Nasoenteric Tubes 498
Procedure 27-3: Administering Feedings Through Gastric and Enteric Tubes 502
Procedure 27-3A: Administering Feedings Through Gastric and Enteric Tubes Using an Open System: Syringe 504
Procedure 27-4: Removing a Nasogastric or Nasoenteric Tube 506
Procedure 27-5: Administering Parenteral Nutrition 508
Procedure 27-6: Administering Lipids 511
Clinical Insights 513
Clinical Insight 27-1: 10 Tips for Building Healthy Meals 513
Clinical Insight 27-2: Skinfold Measurement 514
Clinical Insight 27-3: Measuring Circumferences to Evaluate Body Composition 515
Clinical Insight 27-4: Interventions for Patients With Impaired Swallowing 515
Clinical Insight 27-5: Interventions for Patients Who Have Nausea 516
Clinical Insight 27-6: Assisting Patients With Meals 516
Clinical Insight 27-7: Checking Feeding Tube Placement 517
Clinical Insight 27-8: Monitoring Patients Receiving Enteral Nutrition 519
Clinical Insight 27-9: Preventing Infection in Patients Receiving Enteral Feedings 519
Clinical Insight 27-10: Monitoring and Other Interventions for Patients Receiving Parenteral Nutrition 520
Screening for Nutritional Problems 521
Subjective Global Assessment 521
Nutrition Screening Initiative (NSI), for Older Adults: Indications of Impaired Nutritional Status 521
Mini Nutritional Assessment 522
Focused Nutritional Assessment 522
Diagnostic Testing 525
Tests Reflecting Nutritional Status: Norms 525
Clinical Reasoning 526
Applying the Full-Spectrum Nursing Model 526
Critical Thinking and Clinical Reasoning 526
Knowledge Map 529

Urinary Elimination 530
Caring for the Nguyens 531
Practical Knowledge: Knowing How 531
Procedures 531
Procedure 28-1: Measuring Urine 531
Procedure 28-1A: Measuring Urine Output From a Bedpan or Urinal 532
Procedure 28-1B: Measuring Urine From an Indwelling Catheter 532
Procedure 28-1C: Measuring Post-Void Residual Urine Volume With a Portable Bladder Scanner 533
Procedure 28-2: Obtaining a Urine Specimen for Testing 534
Procedure 28-2A: Collecting a Clean-Catch Urine Specimen 535
Procedure 28-2B: Obtaining a Sterile Urine Specimen From a Catheter 536
Procedure 28-2C: Collecting a 24-Hour Urine Specimen 536
Procedure 28-3: Testing Urine at the Bedside 538
Procedure 28-3A: Dipstick Testing of Urine 538
Procedure 28-3B: Measuring Specific Gravity of Urine 538
Procedure 28-4: Inserting a Urinary Catheter 539
Procedure 28-4A: Intermittent Urinary Catheterization 540
Procedure 28-4B: Indwelling Urinary Catheterization 544
Procedure 28-5: Applying an External (Condom) Catheter 548
Procedure 28-6: Removing an Indwelling Catheter 551
Procedure 28-7: Irrigating the Bladder or Catheter Irrigation 553
Procedure 28-7A: Intermittent Bladder or Catheter Irrigation 554

**CONTENTS**

- Pain Assessment 616
- Pain Relief Diary 618
- Richmond Agitation-Sedation Rating Scale 618

**Clinical Reasoning** 619
- Applying the Full-Spectrum Nursing Model 619
- Critical Thinking and Clinical Reasoning 619

**Skin Integrity & Wound Healing** 671

**Caring for the Nguyens** 672

**Practical Knowledge: Knowing How** 672

**Procedures** 672
- Procedure 35-1: Obtaining a Wound Culture by Swab 673
- Procedure 35-2: Performing a Sterile Wound Irrigation 675
Procedure 35-3: Taping a Dressing  678
Procedure 35-4: Removing and Applying Dry Dressings  680
Procedure 35-5: Removing and Applying Wet-to-Damp Dressings  682
Procedure 35-6: Applying a Negative Pressure Wound Therapy (NPWT) Device  685
Procedure 35-6A: Open-Pore Reticulated Polyurethane Foam Therapy (i.e., Vacuum-Assisted Closure [V.A.C.])  687
Procedure 35-6B: Gauze Dressing Application (i.e., Chariker–Jeter Method)  688
Procedure 35-7: Applying and Removing a Transparent Film Dressing  690
Procedure 35-8: Applying a Hydrating Dressing (Hydrocolloid or Hydrogel)  693
Procedure 35-9: Placing Skin Closures  695
Procedure 35-10: Applying Binders  697
Procedure 35-11: Applying Bandages  699
Procedure 35-12: Removing Sutures and Staples  703
Procedure 35-12A: Removing Sutures  703
Procedure 35-12B: Removing Staples  704
Procedure 35-13: Shortening a Wound Drain  705
Procedure 35-14: Emptying a Closed-Wound Drainage System  706
Clinical Insights  708
Clinical Insight 35-1: Applying Local Heat Therapy  708
Clinical Insight 35-2: Applying Local Cold Therapy  709
Assessment Guidelines and Tools  709
History Questions for Skin and Wound Assessment  709
Physical Examination: Wound Assessment  710
The Braden Scale for Predicting Pressure Sore Risk  711
The Norton Scale for Assessing Risk of Pressure Ulcers  712
The PUSH Tool for Evaluation of Pressure Ulcers  713
Diagnostic Testing  715
Tests for Assessing Wounds  715

Applying the Full-Spectrum Nursing Model  717
Critical Thinking and Clinical Reasoning  718
Knowledge Map  721

CHAPTER 36

Oxygenation  722
Caring for the Nguyens  722
Practical Knowledge: Knowing How  723

Procedures  723
Procedure 36-1: Collecting a Sputum Specimen  723
Procedure 36-1A: Collecting an Expectorated Sputum Specimen  724
Procedure 36-1B: Collecting a Suctioned Sputum Specimen  725
Procedure 36-2: Monitoring Pulse Oximetry (Arterial Oxygen Saturation)  726
Procedure 36-3: Performing Percussion, Vibration, and Postural Drainage  728
Procedure 36-4: Administering Oxygen  731
Procedure 36-5: Performing Tracheostomy Care Using Sterile Technique  736
Procedure 36-6: Performing Tracheostomy Suctioning (Open System)  741
Procedure 36-7: Performing Tracheostomy or Endotracheal Suctioning (Inline Closed System)  744
Procedure 36-8: Performing Orotracheal and Nasotracheal Suctioning (Open System)  745
Procedure 36-9: Performing Upper Airway Suctioning  749
Procedure 36-10: Caring for Patients Requiring Mechanical Ventilation  752
Procedure 36-11: Setting Up Disposable Chest Drainage Systems  755
Procedure 36-12: Inserting an Oropharyngeal Airway  759
Procedure 36-13: Inserting a Nasopharyngeal Airway  760
Clinical Insights  762
Clinical Insight 36-1: Tips for Obtaining Accurate Pulse Oximetry Readings  762
Clinical Insight 36-2: Guidelines for Preventing Aspiration  762
Clinical Insight 36-3: Oxygen Therapy Safety Precautions  763
Clinical Insight 36-4: Caring for Patients With Endotracheal Airways  763
Clinical Insight 36-5: Managing Chest Tubes  764
Assessment Guidelines and Tools  765
Oxygenation  765
Diagnostic Testing  766
Lung Volumes and Capacities  766
Tests Related to Oxygenation  767
Reading a Tuberculin Skin Test Result  768
Clinical Reasoning  768
Applying the Full-Spectrum Nursing Model  768
Critical Thinking and Clinical Reasoning  769
Knowledge Map  771
CONTENTS

Preoperative Assessment Topics 841
Example of a Preoperative Checklist 842
Example of a Surgical Safety Checklist 844
Intraoperative Care Questionnaire 844
Postanesthesia Assessment: Essential Elements 845

Diagnostic Testing 845
Common Preoperative Screening Tests 845

Standardized Language 846
Preoperative Patients: Selected Standardized Nursing Diagnoses, Outcomes, and Interventions 846
Intraoperative Patients: Selected Standardized Nursing Diagnoses, Outcomes, and Interventions 848
Postoperative Patients: Selected Standardized Nursing Diagnoses, Outcomes, and Interventions 851

Clinical Reasoning 855
Applying the Full-Spectrum Nursing Model 855
Critical Thinking and Clinical Reasoning 856

Knowledge Map 858

CHAPTER 40
Leading & Managing 859
Caring for the Nguyens 859
Clinical Reasoning 860
Applying the Full-Spectrum Nursing Model 860
Critical Thinking and Clinical Reasoning 860

Knowledge Map 863

CHAPTER 41
Nursing Informatics 864
Caring for the Nguyens 865
Practical Knowledge: Knowing How 865
Standardized Language 865
American Nurses Association Recognized Languages for Nursing 865
Clinical Reasoning 866
Applying the Full-Spectrum Nursing Model 866
Critical Thinking and Clinical Reasoning 867

Knowledge Map 870

CHAPTER 42
Promoting Health 871
Caring for the Nguyens 871
Assessment Guidelines and Tools 872
Health Promotion: Physical Fitness Assessment 872
Lifestyle and Risk Assessment 873
Life Stress Review 875

Selected Health Screening Activities 876
Standardized Language 877
Examples of NANDA-I Health Promotion Diagnoses 877
Selected NIC Health Promotion Interventions 877

Clinical Reasoning 879
Applying the Full-Spectrum Nursing Model 879
Critical Thinking and Clinical Reasoning 879

Knowledge Map 881

Unit 6
The Context for Nurses’ Work 883

CHAPTER 43
Community & Home Health Nursing 885
Caring for the Nguyens 886
Practical Knowledge: Knowing How 886
Clinical Insights 887
Clinical Insight 43-1: Safety Considerations in Home Care 887
Clinical Insight 43-2: Infection Control in the Home 888

Standardized Language 888
The Omaha System 888
Omaha System: Domains and Examples of Problem Labels 889
Omaha Problem Rating Scale for Outcomes 889
NIC Community Health Classes and Interventions 890
Omaha Intervention Categories and Examples of Targets 891
Clinical Care Classification System for Home Health Care 891
An Example of CCC Nursing Diagnoses and Interventions 892

Clinical Reasoning 892
Applying the Full-Spectrum Nursing Model 892
Critical Thinking and Clinical Reasoning 892

Knowledge Map 896

CHAPTER 44
Ethics & Values 897
Caring for the Nguyens 898
Practical Knowledge: Knowing How 898
Clinical Insights 899
Legal Accountability 905

Caring for the Nguyens 906

Practical Knowledge: Knowing How 906

Clinical Insights 906

Clinical Insight 45-1: Using Equipment Safely 906

Clinical Insight 45-2: Tips for Avoiding Malpractice 907

Clinical Insight 45-3: Guidelines for Documenting Care 907

Clinical Reasoning 908

Applying the Full-Spectrum Nursing Model 908

Critical Thinking and Clinical Reasoning 908

Knowledge Map 911
